** BPC requires a BPC Tech be scheduled to assist organizations when using technical equipment. This is done to ensure that technical difficulties do not impact events/conferences/classes. When BPC equipment is used, the following rental rates will be charged: \$65/half day rental; \$90/full day rental. This fee includes equipment rental and BPC A/V Tech for one hour. Additional hours may be incurred at the discretion of BPC due to the complexity of the event/conference/class.
