

## Work Scholarship Application – Youth Events

*Please submit this application to the church office ASAP prior to the event.*

BPC Youth Ministry desires to enable all students to attend our events. We don't want financial considerations to impede your child's participation.

We consider our scholarships to be "work scholarships," which means we ask that scholarship recipients volunteer at the church when a need arises. This allows students and families to participate in events regardless of financial circumstances, while still contributing to and investing in the functioning of our congregation. Work opportunities will be posted on our website and occasionally shared via email. Please contact the Youth Ministry administrator to get more details.

**Except for special circumstances, our scholarship award is up to 75% of the event cost.**

Scholarships are intended for the basic retreat cost, and do not include extra expenses that are not included in the retreat cost. **Please make sure to request a specific dollar amount**, worth up to 75% of the event cost, in the field below after prayerfully considering what you can contribute toward the cost of the event. All requests will be confidential.

# Work Scholarship

Work scholarships can be earned through a variety of work opportunities through BPC. Each hour worked is equivalent to \$10 toward your scholarship. Please have the supervisor of your work or your parent/guardian sign next to each activity. Once you have completed the hours required for your scholarship, please submit this form to the BPC office or email it to [jchristophersen@bidwellpres.org](mailto:jchristophersen@bidwellpres.org).
